

WINE LIST

Everyone loves a comeback. Well, we have a comeback story for you, The comeback. Greek wine. It goes a little something like this: there was a time, starting almost 2750 years ago, and lasting for centuries, that Greeks made the best wine in the world. Greece was the wine making version of the Patriots in 2000's, unstoppable. Then, everything wine-wise in Greece turned into a dumpster fire. For centuries Greece was the wine making version of the Patriots in the 1980's, where victory went to die. But the Greeks did not quit. The Greeks knew their ancestors had made astounding wine, and they knew they could do it again. So, in the last twenty years the Greeks have staged the greatest comeback the wine world has ever seen. They took all the ancient skill, the epic old vineyards and brought back brilliant Greek wine. These wines fall into two categories; first, wines that follow a more classic route and second into a more modern, radical route. We have separated our wines into those two categories: Classics and Radicals. Pick a lane or drive down both, either way you are in for quite a ride. Yiamas.

"Wine can of their wits the wise beguile, Make the sage frolic, and the serious smile"
- Homer.

"Club Tropicana, drinks are free"
- George Michael.
